## ANNEXURE II

## MANAGEMENT DISCUSSION &amp; ANALYSIS

**I. Industry Structure and Developments:**

Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. The Government's target of Rs 25 trillion (US\$ 376.53 billion) investment in infrastructure projects over a period of three years, which will include Rs 8 trillion (US\$ 120.49 billion) for developing 27 industrial clusters and an additional Rs 5 trillion (US\$ 75.30 billion) for road, railway and port connectivity projects.

Infrastructure sector includes power, bridges, dams, roads and urban infrastructure development. The Government has made an attempt to revive and give boost to Public Private Partnerships (PPPs).

India's economy was slowing down in early FY 2016-17, until the favorable monsoon started lifting the economy, but the recovery was temporarily disrupted by the government's "demonetization" initiative. Demonetization caused an immediate cash crunch, and activity in cash reliant sectors was affected. GDP growth rate for the year ended 2016-2017 was 7.1 % as against the estimation of 7.5%. And the growth is expected to recover in FY 2017-2018 to 7.2% and is projected to gradually increase to 7.7% in FY 2019-2020.

**II. Opportunities and Strengths:**

The construction/infrastructure sector is likely to get major boost from the Government's focus on development of infrastructure in India. Many steps have been taken to improve funding avenues to the infrastructure sector. There are huge opportunities for the industry in the future. Your Company is having opportunities and strengths with an order book position of Rs.5851 Crore. The Company expecting the future orders about Rs 10000 Crores in the year 2017-2018.

**Segment wise performance:****1. Transportation Division:**

Your Company has completed 1459 lane Kms of 4 BOT (Toll) projects. And 1760 lane Kms of Toll & Annuity Projects and 143 lane Kms of Item rate Projects are under progress.

Your Company has been awarded the following new EPC works of Maharastra road projects of Rs 1137 Crores and Bangalore road works package-2 of Rs 598 Crores.

**2. Irrigation Projects:**

Your Company executed many Irrigation projects such as Canals, dams, Tunnels, Spillways, lift irrigation Projects amounting more than Rs.1000 Crore in PAN India. Now various Irrigation Projects amounting to Rs.1106.37 Crore are under progress in the State of Andhra Pradesh, Gujarat, Maharastra, Madhaya Pradesh, Uttar Pradesh and Telangana.

**III. Outlook:**

The outlook for the Infrastructure sector appears positive since the country is looking forward with a strong mandate to stimulate economic growth. The Finance Minister provided in the Budget 2017-2018 an amount of Rs 2,41,387 crore for the transport sector as a whole, including railways, roads and shipping.

For highways, the budget allocation has been stepped up to Rs 64,000 crore in FY2018 from Rs 57,676 crore.

In the road sector, the budget allocation for the National Highways has been increased from Rs 57,676 crore in the BE of 2016-17 to Rs 64,000 crore in 2017-18.

Finance Minister Govt of India stated that 2,000 km of coastal connectivity roads have been identified for construction and development.

Your Company is giving major thrust in various infrastructure projects to reap the benefit of growth in infrastructure sector.

**IV. Risks and Concerns:**

## INDEPENDENT AUDITORS' REPORT

To The Members of  
**Madhucon Projects Limited**

### **Report on the Standalone Financial Statements**

We have audited the accompanying standalone financial statements of **Madhucon Projects Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2017, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

### **Management's Responsibility for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether these standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the branch auditors and other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

### **Opinion**

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2017, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

## Emphasis of Matters

We draw attention to the following matter in the Notes to the accompanying financial statements for the year ended March 31, 2017:

- a. Note No. 2.4(i) to the financial statements, in relation to the carrying value of investments held in and unsecured loans and advances given by the Company to the subsidiaries or associates listed in that note, which have been incurring losses and in some of these companies, net worth was fully or substantially eroded. Taking the management's internal assessment and initiatives to be implemented to improve the profitability in the medium to long run into account, the management of the Company is of the view that carrying value of the investments and loans and advances are realizable at the value stated in the books.

As per the books of accounts and according to information and explanations given to us, closing balances against these investments and loans and advances in the above subsidiaries as at March 31, 2017 are aggregating to Rs.146426.83 lakhs.

- b. Note No. 2.4(ii) to the financial statements, in relation to Madhucon Mega Mall Private Limited (MMMPL) a subsidiary of the company incorporated for developing shopping mall cum multiplex on leased land taken from Andhra Pradesh Housing Board(the Board) (now known as Telangana Housing Board) at Kukatpally in Hyderabad. The Board issued letter for revoking the power of attorney and resumption of land. The Company got a status quo order from Honorable XI ACJ Court, CCC, Hyderabad and the same is pending. Taking in to account the management internal assessment and legal opinion obtained by the management of the Company, it is confident in succeeding the case and carrying values of investments in and loans sanctioned to MMMPL are realizable at the values stated in the books of accounts.

According to the books of accounts and information and explanations given to us, the investment and balance of loan as at March 31, 2017 are Rs.3502.00 Lakhs and Rs.134.09 Lakhs respectively.

- c. Note No. 2.4(iii) to the financial statements indicates that the outstanding loans and advances which were granted to Nama Investments Limited and NNR Infra Investments Private Limited in which the company's directors have interest are realizable at the carrying values in the books of accounts though both these companies have been incurring losses and accumulated losses exceeded the net worth of these companies for the reasons stated therein.

According to the books of accounts and information and explanations given to us, the closing balance as at March 31, 2017 with respect to Nama Investments Limited and NNR Investments Limited are Rs.4189.34 Lakhs and Rs.511.59 Lakhs respectively.

Our opinion is not qualified on the above matters.

## Other Matters

The Company had prepared separate sets of financial statements for the year ended 31<sup>st</sup> March 2016 and 31<sup>st</sup> March 2015 in accordance with the Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) which were audited by us. These financial statements have been adjusted for the differences in the accounting principles adopted by the Company on transition to Ind AS, which have also been audited by us. Our opinion is not qualified in respect of this matter.

## Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The standalone financial statements dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS prescribed under section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements;
  - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts.
  - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
  - iv. The Company has provided requisite disclosures in the standalone financial statements as to holdings and dealings in Specified Bank Notes as defined in the Notification S.O. 3407(E) dated the November 8, 2016 of the Ministry of Finance, during the period from November 8, 2016 to December 30, 2016. Based on audit procedures performed, management representations obtained and taking into consideration the information and explanations given to us, in our opinion, these are in accordance with the books of account maintained by the Company.

**ANNEXURE “A” TO THE INDEPENDENT AUDITORS’ REPORT**

(Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The fixed assets have been physically verified during the year by the Management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the fixed assets is reasonable having regard to the size of the Company and nature of its assets.
- (c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed / transfer deed provided to us, we report that, the title deeds, comprising all the immovable properties (which are included under the head “Property plant and equipment”) are held in the name of the Company.
- (ii) As per the information provided to us, inventories were physically verified during the year by the Management at reasonable intervals and no material discrepancies were noticed on physical verification.
- (iii) According to the information and explanations given to us, the Company has granted loans, unsecured, to companies covered in the Register maintained under Section 189 of the Companies Act, 2013. In respect of such loans and having regard to the rollover stipulations for loans to certain parties:
- (a) The terms and conditions of the grant of such loans are, in our opinion, prima facie, not prejudicial to the Company’s interest.
- (b) The schedule of repayment of principal and payment of interest has not been stipulated and hence we are unable to comment as to whether repayment/receipts of the principal amount and the interest are regular.
- (c) In the absence of stipulated schedule of repayment of principal and payment of interest, we are unable to comment as to whether there is any amount which is overdue for more than 90 days and whether reasonable steps have been taken by the Company for recovery of principal amount and interest.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provision of sections 185 and 186 of the Act to the extent applicable, in respect of loans, investments guarantees and security.
- (v) According to the information and explanations given to us, the Company has not accepted any deposits within the meaning of Section 73 to Section 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended).
- (vi) We have broadly reviewed the cost records maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us, in respect of statutory dues:
- (a) There are some delays in depositing undisputed statutory dues including Provident Fund, Employees’ State Insurance, Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax (VAT), Cess and other statutory dues applicable to it. ## **ANNEXURE “B” TO THE INDEPENDENT AUDITORS’ REPORT**

**(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date)**

### **Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of Madhucon Projects Limited (“the Company”) as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor’s Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls Over Financial Reporting**

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**SIGNIFICANT ACCOUNTING POLICIES AND NOTES FORMING PART OF THE ACCOUNTS AS AT 31<sup>st</sup> MARCH, 2017****Company Overview:**

Madhucon Projects Ltd (MPL) or “the Company” is an integrated construction, Infrastructure development and management Company Corporate Office at Hyderabad, India.

The Company is surging ahead with presence in multiple sectors of construction and infrastructure projects such as Transportation, Irrigation, Water resources infrastructures, railways, Engineering, Procurement & Construction (EPC), Turnkey projects, developments of smart cities, and properties, in India. Completing the projects with high quality workmanship and commitment to excellence made the Company a leader in the industry. . The Company is best in innovation, creativity and technological mastery, delivering top-quality work, ahead of schedules, in all sectors. A majority of the development projects of the Company are based on Public-Private Partnerships (PPP) and operated by separate Special Purpose Vehicles (SPV)

**Note : 1****Significant accounting policies:****1.1 Statement of compliance**

The financial statements of the Company have been prepared to comply in all material respects with the Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) . The Company has prepared its financial statements for all periods upto the year ended 31<sup>st</sup> March 2016 in accordance with the standards notified under the Companies (Accounting Standards) Rules 2006 (“previous GAAP”). The figures for the year ended 31<sup>st</sup> March 2016 have now been restated as per Ind AS to provide comparison. The financial statements for the year ended 31<sup>st</sup> March 2017 are the first financial statements prepared by the Company in accordance with Ind AS and the date of transition to Ind AS is 1<sup>st</sup> April 2015. Reconciliations and description of the effect of the transition to Ind AS from previous GAAP is given in **Note:1.28**.

**1.2 Basis of preparation**

These financial statements have been prepared under the historical cost convention on the accrual basis except for certain financial instruments that are measured at fair value in accordance with Ind AS and certain items of property plant and equipment that were revalued in earlier years in accordance with the previous GAAP principles. The provisions of the Companies Act, 2013 (‘Act’) (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

**1.3 Presentation of financial statements**

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 (“the Act”). The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 “Statement of Cash flows”. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees in lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013. Per share data are presented in Indian Rupees to two decimal places.

**1.4 Cash flow statement:**

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

- i. Changes during the period in inventories and operating receivables and payables and transactions of a non-cash nature;

- ii. Non-cash items such as depreciation, provisions, unrealised foreign currency gains and losses, and undistributed profits of associates; and
- iii. All other items for which the cash effects are investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company is segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement.

### **1.5 Use of Accounting Estimates:**

The preparation of the financial statements requires that the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operation during the reported period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates which are recognised in the period in which they are determined.

### **1.6 Property, Plant and Equipment**

Property, Plant and Equipment are stated at cost of acquisition including applicable duties and taxes, any directly attributable expenditure on making the asset ready for its intended use, attributable interest and finance costs, if any, till the date of acquisition/ installation of the assets less accumulated depreciation and impairment losses, if any. Subsequent expenditure relating to Property, Plant and Equipment is capitalised only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset..

On transition to Ind AS, the Company has opted to continue with the carrying values measured under the previous GAAP as at 1 April 2015 of its Property, Plant and Equipment and use that carrying value as the deemed cost of the Property, Plant and Equipment on the date of transition i.e. 1 April 2015.

### **1.7 Intangible Assets**

Identifiable intangible assets are recognised when the Company controls the asset, it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured. Intangible assets are stated at cost, less accumulated amortisation and accumulated impairment losses, if any. The estimated useful life and amortization method reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

On transition to Ind AS, the Company has opted to continue with the carrying values measured under the previous GAAP as at 1 April 2015 of its Intangible Assets and used that carrying value as the deemed cost of the Intangible Assets on the date of transition i.e. 1 April 2015.

### **1.8 Depreciation/ Amortisation**

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost less its estimated residual value.

Depreciation on Property, Plant and equipment has been provided on Straight-Line method in accordance with the Schedule II of the Companies Act, 2013, based on the useful life estimated on the technical assessment as in force and proportionate depreciation are charged for additions/deletions during the year. In respect of additions / deletions to the fixed assets / leasehold improvements, depreciation is charged from the date the asset is ready to use / up to the date of deletion. The asset's useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period.

### **1.9 Impairment of Assets:**

At the end of each accounting year, the Company reviews the carrying amounts of Intangible assets and property, plant and equipment whether there is any indication that those assets have suffered an impairment loss.

Impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined at the higher of the fair value less cost to sell and the value in use in case of an individual asset and at higher of the cash generating unit's (CGU) net selling price and the value in use.

Impairment loss is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the asset or CGU is reduced to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset CGU is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss is recognised for the asset or CGU in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

#### **1.10 Financial instruments:**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at transaction values and where such values are different from the fair value, at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

##### **a. Financial Assets**

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss is initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

##### **Subsequent Measurement**

For purposes of subsequent measurement, financial assets are classified in following categories:

##### **Financial Assets at Amortised Cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### **Financial Assets Measured at Fair Value**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in case where the company has made an irrevocable selection based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income. In any other case, financial asset is fair valued through profit and loss.

##### **Impairment of Financial Assets**

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss.

##### **De-recognition of Financial Assets**

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

## **b. Equity Instruments and Financial Liabilities**

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

### **Equity Instruments**

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments which are issued for cash are recorded at the proceeds received, net of direct issue costs. Equity instruments which are issued for consideration other than cash are recorded at fair value of the equity instrument.

### **Financial Liabilities**

Financial liabilities are classified, at initial recognition, as financial liabilities at FVPL, loans and borrowings and payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

### **Subsequent Measurement**

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

### **De-recognition of Financial Liabilities**

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

## **c. Offsetting Financial Instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

**1.11 Investment property:** Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the Ind AS16's requirement for cost model.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no further economic benefits expected from disposal.

Any gain or loss arising on de-recognition of the property is included in profit or loss in the period in which the property is derecognised.

### **1.12 Inventories:**

#### **Raw Materials:**

Raw Materials, construction materials and stores & spares are valued at weighted average cost or under. Cost includes all charges in bringing the materials to the place of usage, excluding refundable duties and taxes.

#### **Work in Progress:**

Work-in-Progress is valued at the contracted rates less profit margin / estimates.

### **1.13 Cash and cash equivalent**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and demand deposits with an original maturity of three months or less and highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value net of outstanding bank overdrafts as they are considered an integral part of the company's cash management.

### **1.14 Provisions, Contingent Liabilities and Contingent Assets:**

The Company recognises provisions when there is present obligation as a result of past event and it is probable that there will be an outflow of resources and reliable estimate can be made of the amount of the obligation. A disclosure for Contingent liabilities is made in the notes on accounts when there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources.

Contingent assets are disclosed in the financial statements when flow of economic benefit is probable.

### **1.15 Interest in Joint Operations**

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

When a company undertakes its activities under joint operations, the company as a joint operator recognises in relation to its interest in a joint operation:

1. its assets, including its share of any assets held jointly,
2. its liabilities, including its share of any liabilities incurred jointly,
3. its revenue from the sale of its share arising from the joint operation,
4. its share of the revenue from the joint operations, and
5. its expenses, including its share of any expenses incurred jointly.

The Company accounts for the assets, liabilities, revenues, and expenses relating to its interest in a joint operation in accordance with the Ind AS applicable to the particular assets, liabilities, revenues, and expenses.

### **1.16 Revenue Recognition**

Revenue from construction/project related activity and contracts for supply/commissioning of complex plant and equipment is recognised as follows:

1. Cost plus contracts: Revenue from cost plus contracts is determined with reference to the recoverable costs incurred during the period and the margin as agreed with the customer.
2. Fixed price contracts: Contract revenue is recognised only to the extent of cost incurred till such time the outcome of the job cannot be ascertained reliably subject to condition that it is probable that such cost will be recoverable. When the outcome of the contract is ascertained reliably, contract revenue is recognised at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed to-date, to the total estimated contract costs.

The estimated outcome of a contract is considered reliable when all the following conditions are satisfied:

- i. the amount of revenue can be measured reliably;
- ii. it is probable that the economic benefits associated with the contract will flow to the company;
- iii. the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- iv. the costs incurred or to be incurred in respect of the contract can be measured reliably.

Expected loss, if any, on a contract is recognised as expense in the period in which it is foreseen, irrespective of the stage of completion of the contract. For contracts where progress billing exceeds the aggregate of contract costs incurred to-date and recognised profits (or recognised losses, as the case may be), the surplus is shown as the amount due to customers. Amounts received before the related work is performed are disclosed in the Balance Sheet as a liability towards advance received. Amounts billed for work performed but yet to be paid by the customer are disclosed in the Balance Sheet as trade receivables. The amount of retention money held by the customers is disclosed as part of other current assets and is reclassified as trade receivables when it becomes due for payment.

### 1.17 Other income:

**a) Dividend Income:** Dividend income from Investments is recognised when the shareholder's right to receive payment has been established.

**b) Interest income:** Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

### 1.18 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

### 1.19 Claims

Claims against the company not acknowledged as debts are disclosed under contingent liabilities. Claims made by the company are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

### 1.20 Commitments

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

- a) Estimated amount of contracts remaining to be executed on capital account and not provided for
- b) Uncalled liability on shares and other investments partly paid
- c) Funding related commitment to subsidiary, associate and joint venture companies and
- d) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.
- e) Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

### 1.21 Foreign exchange translation and foreign currency transactions:

The functional currency and presentation currency of the Company is the Indian rupee.

Foreign currency transactions are accounted at the exchange rates prevailing on the date of transactions. Gains and losses resulting from settlement of such transactions are recognised in the Statement of Profit and Loss.

Monetary assets and liabilities related to foreign currency transactions remaining unsettled at the end of the year are translated at year end rates. The difference in translation of monetary assets and liabilities and realised gains and losses on foreign exchange transactions are recognised in the Statement of Profit and Loss.

The exchange difference on restatement of long term receivables / payables from / to foreign operations that are considered as net investments in such operation are recognised in the statement of profit or loss in the separate financial statements of the reporting entity or the individual financial statements of the foreign operation, as appropriate.

### 1.22 Employee Benefits:

Provident fund is defined Contribution scheme and contributions are charged to profit and loss account of the year when the contributions to the respective funds are due. Other retirement benefits such as Gratuity, leave encashment etc., are recognized on basis of an Actuarial Valuation.

### 1.23 Borrowing Costs:

Borrowing costs include interest expense calculated using the effective interest method and finance charges in respect of assets acquired on finance lease.

Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalisation of such asset are included in the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit

and Loss during extended periods when active development activity on the qualifying assets is interrupted. All other borrowing costs are recognised in profit and loss in the period in which they are incurred.

### **1.24 Taxation**

Income tax expense represents sum of the tax currently payable and deferred tax

**Current Tax:** Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income tax Act, 1961.

#### **Deferred tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Company's financial statements and the corresponding tax basis used in the computation of taxable profit.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary differences arise from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

### **1.25 Leases:**

The Company's leasing arrangements are mainly in respect of operating leases for premises and construction equipment.

These leasing arrangements range from 11 months to 10 years generally and are usually cancellable / renewable by mutual consent on agreed terms. Lease payments under operating leases are recognised as an expense on a straight line basis in the statement of profit and loss over the lease term except where the lease payments are structured to increase in line with expected general inflation.

### **1.26 Fair value measurement**

The Company measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received on sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a. In the principal market for the asset or liability, or
- b. In the absence of principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

### **1.27 Earnings per Share:**

Basic earnings per equity share are computed by dividing the net profit for the year attributable to the Equity Shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit for the year, adjusted for the effects of dilutive potential equity shares, attributable to the Equity Shareholders by the weighted average number of the equity shares and dilutive potential equity shares outstanding during the year except where the results are anti-dilutive.

# **CONSOLIDATED FINANCIAL STATEMENTS**

## **2016-2017**

## **INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS**

### **TO THE MEMBERS OF MADHUCON PROJECTS LIMITED**

#### **Report on the Consolidated Financial Statements**

We have audited the accompanying consolidated financial statements of Madhucon Projects Limited ('the Company') and its subsidiaries (together referred to as 'the Group'), its associates and jointly controlled entities, which comprise the Consolidated Balance Sheet as at 31 March 2017, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information.

#### **Management's Responsibility for the Consolidated Financial Statements**

The Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ('the Act') that give a true and fair view of the consolidated state of affairs, consolidated profit or loss, consolidated cash flows and consolidated changes in equity of the Group including its associates and joint ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The Company's Board of Directors and the respective Board of Directors/management of the subsidiaries included in the Group, and its associates and jointly controlled entities are responsible for the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. Further, in terms of the provisions of the Act, the respective Board of Directors/management of the companies included in the Group, and its associate companies and jointly controlled entities, which are incorporated in India are responsible for maintenance of adequate accounting records for safeguarding the assets and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether these consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matters paragraph below, is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated financial statements.

#### **Opinion**

The Independent Auditors of certain subsidiaries have qualified their audit report on the financial statements for the year ended 31 March 2017 reproduced by us as under:

- i. Due to termination of the project allotted by National Highway Authority of India NHAI to Barasat-Krishnagar Expressways Limited ('BKEL'), which is a subsidiary to the Company, going concern assumption is not appropriate and financial statements have been drawn accordingly. Cost incurred on the project up to March 31, 2017 Rs. 56992.79 lakhs instead of writing-off, has been accounted as NHAI claims receivable under the head "Other Current Assets" which is in contravention of the provisions of Ind AS 37 (Provisions, Contingent Liabilities and Contingent Assets) claims being contingent asset in nature. This has resulted in overstatement of Current Assets Rs.56992.79 lakhs and understatement of loss for the year by Rs. 3958.31 lakhs and cumulative loss by Rs. 56992.79 lakhs.
- ii. As the project of the Rajouli-Bhaktiyarpur Expressways Limited ('RBEL'), which is a subsidiary to the Company has been foreclosed with mutual consent, cost incurred on the project up to March 31, 2017 Rs.815.40 lakhs instead of writing-off, has been accounted as claims receivables under the head "Other Current Assets" which is in contravention of the provisions of Accounting Standard 37 (Provisions, Contingent Liabilities and Contingent Assets) claims being contingent asset in nature. This has resulted in overstatement of Current Assets Rs.815.40 lakhs and understatement of cumulative loss by the same amount.
- iii. The termination of the Concession Agreement and pending settlement of the claim by NHAI till date indicate the existence of a material uncertainty that cast significant doubt about the ability of Vijayawada-Machilipatnam Expressways Limited ('VMEL'), which is a subsidiary to the Company to continue as going concern.

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, associates and joint ventures referred to below in Other Matters paragraph, except for the possible effects of the matters described in the above three paragraphs, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associates and jointly controlled entities as at 31 March 2017, and their consolidated loss, consolidated total comprehensive income, their consolidated cash flows and consolidated changes in equity for the year ended on that date.

### Emphasis of Matter

We draw attention to:

- i) **Note No. 2.45 (i)** to the financial results, in relation to Madhucon Mega Mall Private Limited (MMMPL) a subsidiary of the company incorporated for developing shopping mall cum multiplex on leased land taken from Andhra Pradesh Housing Board (now known as Telangana Housing Board) ("the Board") at Kukatpally in Hyderabad. The Board issued letter for revoking the power of attorney and resumption of land. The Company got a status quo order from court and the case is pending in that court. Taking in to account the constitution of and visit made by cabinet subcommittee of Telangana Government, management internal assessment and legal opinion obtained, management of the company is confident in succeeding the case and financials are prepared on going concern basis.
- ii) **Note No. 2.45 (ii)** to the financial statements indicates that the outstanding loans and advances which were granted to Nama Investments Limited and NNR Infra Investments Private Limited in which the company's directors have interest are realizable at the carrying values in the books of accounts though both these companies have been incurring losses and accumulated losses exceeded the net worth of these companies for the reasons stated therein.  
  
According to the books of accounts and information and explanations given to us, the closing balance as at March 31, 2017 with respect to Nama Investments Limited and NNR Investments Limited are Rs.4189.34 Lakhs and Rs.511.59 Lakhs respectively.
- iii) **Note No. 2.45 (iii)** to the Statement, "Barasat - Krishnagar Expressways Limited (BKEL), a subsidiary company entered into an agreement with NHAI, for developing road project in West Bengal State. The Construction work is delayed due to pending approvals and rights of way to be provided by NHAI. BKEL had issued notice for termination of the projects to NHAI on 31st December, 2015. BKEL and NHAI entered into a Supplementary Agreement to the 'Concession Agreement dated 20th June, 2011' on 2nd May, 2016 for inclusion of the clause of 'Society for Affordable Redressal of Disputes' (SAROD) Committee for arbitration. NHAI Had also issued notice

for termination of the project vide its letter dated 3rd May, 2016 and BKEL had replied that the notice is not valid. Both BKEL and NHAI appointed arbitrators. The arbitration proceedings are in progress”.

As the borrowings from secured lenders have been declared as Non-performing asset by the lender, interest on related borrowings have not been accounted for.

- iv) **Note No. 2.45 (iv)** to the Statement, that the Project of Rajauli - Bakhtiyarpur Expressways Limited ('RBEL'), a subsidiary company has been foreclosed with mutual consent, therefore, going concern assumption is not appropriate and financial statements of RBEL have been drawn accordingly.
- v) **Note No. 2.45 (v)** to the Statement, that as per the books of account, EPC work executed up to March 31, 2017 in Ranchi Expressways Limited ('REL'), a subsidiary company is Rs.78517.83 lakhs whereas the work executed as certified by lender's independent engineer up to March 31, 2017 is Rs. 73503.38 lakhs resulting a difference of Rs.5014.44 lakhs.
- vi) **Note No. 2.45 (vi)** to the Statement, “Vijayawada-Machilipatnam Expressways Limited (VMEL), which is a subsidiary to the Company, was incorporated under the Companies Act, 1956, on 28th Day of November, 2011 as a Special Purpose Vehicle for undertaking the work of Four Laning of Vijayawada-Machilipatnam Section of NH-9 from Km.0.000 to Km.63.800 in the State of Andhra Pradesh on Design, Build, Finance, Operate, Maintain and Transfer -DBFOT (Toll) Basis, under NHDP Phase III . This project was awarded by National Highway Authority of India (NHAI). The Company was to hand over the Project Highway to NHAI on the expiry of the Concession Period of 20 years.

As per the Agreement, NHAI failed to hand over 80% land within six months of the Agreement. They have failed to do so, because of which company filed claims. Reacting to that NHAI terminated the Concession Agreement on 29.10.2013 though NHAI failed to issue ROW and further confirmed vide its letter dated 27 th August,2014. Company has preferred a claim on NHAI for an amount of Rs.1610.07 Crores towards expenses incurred and losses suffered on account of obtaining permits, financial costs, agency charges, and consultants fees etc. On this Project by the Company and the EPC Contractor. An Arbitral Tribunal was constituted on 27.01.2017 for adjudicating the Claims. The Arbitral proceedings commenced on 02.03.2017.

In view of the above circumstances, the Project was terminated; Expenses incurred on the Project have been charged-off to the Statement of Profit and Loss. The Company is not confident of discharging it's liabilities in the normal course of business from the available funds.

Our opinion is not qualified in respect of these matters.

#### **Other Matters**

We did not audit the financial statements and other financial information of ten subsidiaries included in the Statement, whose financial statements together comprise total assets of Rs.654655.44 lakhs as at March 31, 2017, total revenue of Rs.67300.52 lakhs, total loss (net) of Rs.15638.44 lakhs and total comprehensive Income (net) of Rs.15640.23 Lakhs for the year then ended. The financial statements and other financial information including comparative figures of earlier years of these subsidiaries have been audited by other auditors whose reports have been furnished to us by the Management, and our audit opinion in the consolidated financial results, to the extent they have been derived from such financial statements is solely based on the reports of the other auditors.

#### **Report on Other Legal and Regulatory Requirements**

As required by Section 143 (3) of the Act, based on our audit and on the consideration of the reports of the other auditors on separate financial statements and other financial information of the subsidiaries, associates and jointly controlled entities, referred in Other Matters paragraph above, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors

- c) The consolidated financial statements dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS prescribed under section 133 of the Act;
- e) On the basis of the written representations received from the directors of the Company and taken on record by the Board of Directors of the Company and the reports of the other statutory auditors of its subsidiary companies, covered under the Act, none of the directors of the Group companies and its associate companies covered under the Act, are disqualified as at 31 March 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal controls over financial reporting of the Company, its subsidiary companies, associate companies covered under the Act and the operating effectiveness of such controls, refer to our separate Report in 'Annexure';
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements and also the other financial information of the subsidiaries:
  - i. The Group has disclosed the impact of pending litigations if any on its consolidated financial position in its consolidated financial statements.
  - ii. The Group has made provision, as required under applicable law or accounting standards for material foreseeable losses, if any, on long-term contracts including derivative contracts. .

## **ANNEXURE TO THE INDEPENDENT AUDITORS' REPORT**

**(Referred to in paragraph (f) under "Report on Other Legal and Regulatory Requirements" of our report of even date)**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

In conjunction with our audit of the consolidated financial statements of the Madhucon Projects Limited ('the Company'), its subsidiaries, and its associates as at and for the year ended 31 March 2017, we have audited the internal financial controls over financial reporting of the Company, its subsidiary companies and associate companies, which are companies incorporated in India, as at that date.

### **Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the Company, its subsidiary companies and associate companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to the company's policies, the safeguarding of the company's assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company, its subsidiary companies and its associate companies as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls over financial reporting and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls systems on financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our qualified opinion on the internal financial controls over financial reporting of the Company, its subsidiary companies and its associate companies as aforesaid.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to explanations given to us and based on the consideration of the reports of the other auditors referred to in the other matters paragraph below, the Company, its subsidiary companies and associate companies which are companies incorporated in India, have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the respective companies considering essential components of internal control stated in the Guidance Note.

### **Other Matters**

Our aforesaid report under Section 143(3) (i) of the Act on the adequacy and operating effectiveness on the Internal financial controls over financial reporting in so far as it relates to six subsidiary companies, which are companies incorporated in India, is solely based on the corresponding reports of the auditors of such companies and the auditors of three subsidiary companies commented that the three companies are in the process of establishing their internal financial controls over financial reporting.

## Significant accounting policies:

### 1.1 Statement of compliance

The financial statements of the Group have been prepared to comply in all material respects with the Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended). The Group have prepared financial statements for all periods upto the year ended 31<sup>st</sup> March 2016 in accordance with the standards notified under the Companies (Accounting Standards) Rules 2006 ("previous GAAP"). The figures for the year ended 31<sup>st</sup> March 2016 have now been restated as per Ind AS to provide comparison. The Consolidated financial statements for the year ended 31<sup>st</sup> March 2017 are the first financial statements prepared by the Group in accordance with Ind AS and the date of transition to Ind AS is 1<sup>st</sup> April 2015. Reconciliations and description of the effect of the transition to Ind AS from previous GAAP is given in **Note:1.34**.

### 1.2 Basis of preparation

#### Compliance with IND AS :

These Consolidated financial statements have been prepared under the historical cost convention on the accrual basis except for certain financial instruments that are measured at fair value in accordance with Ind AS and certain items of property plant and equipment that were revalued in earlier years in accordance with the previous GAAP principles. The provisions of the Companies Act, 2013 ('Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

#### Measurement of fair values:

A number of the accounting policies and disclosures require the measurement of fair values for both financial and non-financial assets and liabilities. Fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows: .

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access at measurement date
- Level 2 inputs other than quoted prices included in Level 1, that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

### 1.3 Presentation of financial statements

The Consolidated Balance Sheet and the Consolidated Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Consolidated statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

#### **Basis of consolidation:**

The consolidated financial statements of the group comprise the financial statements of the Madhucon Projects Limited ("Parent Company") and its subsidiaries and associates ("the group") as at 31<sup>st</sup> March 2017.

#### **Subsidiaries:**

Entity which is directly or indirectly controlled by Parent Company is treated as subsidiary. Control exists when the Parent Company, directly or indirectly, has power over the investee, is exposed to variable returns from its involvement with the investee and has the ability to use its power to affect its returns.

The Parent Company starts consolidation of a subsidiary when it obtains control over the subsidiary (directly or indirectly) and ceases which it loses control (directly or indirectly) of the subsidiary.

**Associates:**

Associates are all entities over which the Parent Company has significant influence but has no control. This is generally the case where the Parent Company directly or indirectly holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

**Consolidation procedure:**

- (a) The accounting policies of subsidiaries have been harmonised to ensure the consistency with the policies adopted by the Parent Company.
- (b) The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31st March. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary.
- (c) The consolidated financial statements of the Group combines the financial statements of Parent Company and its subsidiaries on line by line basis by adding together the like items of assets, liabilities, equity, income and expenses.
- (d) Unrealised profits/losses on intra-group transactions, Intra-group assets, liabilities, income, expenses are eliminated in consolidation. Parent's investment in each subsidiary and the Parent's portion of equity of each subsidiary are eliminated in consolidation.
- (e) Profit or loss and each component of other comprehensive income are attributed to the owners of the Parent Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Parent Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.
- (f) Non-controlling interest represents that part of the total comprehensive income and net assets of subsidiaries attributable to interests which are not owned directly or indirectly by Parent Company.

Amounts in the Consolidated financial statements are presented in Indian Rupees in lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013. Per share data are presented in Indian Rupees to two decimals places.

**1.4 Cash flow statement:**

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

- i. Changes during the period in inventories and operating receivables and payables and transactions of a non-cash nature;
- ii. Non-cash items such as depreciation, provisions, unrealised foreign currency gains and losses, and undistributed profits of associates; and
- iii. All other items for which the cash effects are investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Group is segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement.

**1.5 Use of Accounting Estimates:**

The preparation of the Consolidated financial statements requires that the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operation during the reported period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates which are recognised in the period in which they are determined.

## 1.6 Property, Plant and Equipment

Property, Plant and Equipment are stated at cost of acquisition including applicable duties and taxes, any directly attributable expenditure on making the asset ready for its intended use, attributable interest and finance costs, if any, till the date of acquisition/ installation of the assets less accumulated depreciation and impairment losses, if any. Subsequent expenditure relating to Property, Plant and Equipment is capitalised only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset.

On transition to Ind AS, the Group has opted to continue with the carrying values measured under the previous GAAP as at 1 April 2015 of its Property, Plant and Equipment and use that carrying value as the deemed cost of the Property, Plant and Equipment on the date of transition i.e. 1 April 2015.

## 1.7 Non - current assets held for sale and discontinued operations:

Non current assets and disposal groups are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. Non current assets and disposal groups are classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. This condition is regarded as met the sale is highly probable and the asset or disposal group is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit / loss after tax from discontinued operations in the statement of profit and loss.

Assets and liabilities classified as held for distribution are presented separately from other assets and liabilities in the balance sheet.

A disposal group qualifies as discontinued operation if it is a component of the Group that either has been disposed off, or is classified as held for sale, and:

- ❖ Represents a separate major line of business or geographical area of operations,
- ❖ Is part of a single co ordinate plan to dispose of a separate major line of business or geographical area of operations, or
- ❖ Is a subsidiary acquired exclusively with a view to resale.

An entity shall not depreciate ( or amortise ) a non current asset while it is classified as held for sale or while it is part of a disposal group classified as held for sale.

## 1.8 Intangible Assets

Identifiable intangible assets are recognised when the Group controls the asset, it is probable that future economic benefits attributed to the asset will flow to the Group and the cost of the asset can be reliably measured. Intangible assets are stated at cost, less accumulated amortisation and accumulated impairment losses, if any. The estimated useful life and amortization method reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

On transition to Ind AS, the Group has opted to continue with the carrying values measured under the previous GAAP as at 1 April 2015 of its Intangible Assets and used that carrying value as the deemed cost of the Intangible Assets on the date of transition i.e. 1 April 2015.

## 1.10 Rights under Service Concession Arrangements

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

## 1.11 Toll Projects (Right to charge users):

Toll collection rights obtained in consideration for rendering construction services, represent the right to collect toll revenue from the users of the public service ( road) during the concession period in respect of Build-Operate-Transfer ("BOT") project undertaken by the Group. Toll collection rights are capitalized as intangible assets upon completion of

the project at the cumulative construction costs plus the present value of obligation towards negative grants and additional concession fee payable to National Highways Authority of India ("NHA")/State authorities, if any. Till the completion of the project, the same is recognised under intangible assets under development.

The cost incurred for work beyond the original scope per Concession agreement (normally referred as "Change of Scope") is capitalized as intangible asset under development as and when incurred. Reimbursement in respect of such amounts from NHA/State authorities is reduced from the carrying amount intangible assets to the extent of actual receipts.

Extension of concession period by the authority in compensation of claims made are capitalised as part of Toll Collection Rights at the time of admission of the claim or when there is a contractual right to extension at the estimated amount of claims admitted or computed based on average collections whichever is more evident.

Any Viability Gap Funding (VGF) in the form of equity support in connection with project construction is accounted as a receivable and is adjusted to the extent of actual receipts.

Pre-operative expenses including administrative and other general overhead expenses that are directly attributable to the development or acquisition of intangible assets are allocated and capitalized as part of cost of the intangible assets.

Intangible assets that are not ready for the intended use on the date of the Balance Sheet are disclosed as "Intangible assets under development".

### **1.12 Depreciation/ Amortisation**

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost less its estimated residual value.

Depreciation on Property, Plant and equipment has been provided on Straight-Line method in accordance with the Schedule II of the Companies Act, 2013, based on the useful life estimated on the technical assessment as in force and proportionate depreciation are charged for additions/deletions during the year. In respect of additions / deletions to the fixed assets / leasehold improvements, depreciation is charged from the date the asset is ready to use / up to the date of deletion. The asset's useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period.

### **1.13 Impairment of Assets:**

At the end of each accounting year, the Group reviews the carrying amounts of Intangible assets and property, plant and equipment whether there is any indication that those assets have suffered an impairment loss.

Impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined at the higher of the fair value less cost to sell and the value in use in case of an individual asset and at higher of the cash generating unit's (CGU) net selling price and the value in use.

Impairment loss is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the asset or CGU is reduced to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset CGU is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss is recognised for the asset or CGU in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

### **1.14 Financial instruments:**

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at transaction values and where such values are different from the fair value, at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

#### **a. Financial Assets**

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial

assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss is initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

### **Subsequent Measurement**

For purposes of subsequent measurement, financial assets are classified in following categories:

#### **Financial Assets at Amortised Cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### **Financial Assets Measured at Fair Value**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in case where the Group has made an irrevocable selection based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income. In any other case, financial asset is fair valued through profit and loss.

#### **Impairment of Financial Assets**

The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss.

#### **De-recognition of Financial Assets**

The Group de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

### **b. Equity Instruments and Financial Liabilities**

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

#### **Equity Instruments**

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments which are issued for cash are recorded at the proceeds received, net of direct issue costs. Equity instruments which are issued for consideration other than cash are recorded at fair value of the equity instrument.

#### **Financial Liabilities**

Financial liabilities are classified, at initial recognition, as financial liabilities at FVPL, loans and borrowings and payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

**Subsequent Measurement**

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

**De-recognition of Financial Liabilities**

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

**c. Offsetting Financial Instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

**1.15 Investment property:** Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the Ind AS16's requirement for cost model.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no further economic benefits expected from disposal.

Any gain or loss arising on de-recognition of the property is included in profit or loss in the period in which the property is derecognised.

**1.16 Inventories:****Raw Materials:**

Raw Materials, construction materials and stores & spares are valued at weighted average cost or under. Cost includes all charges in bringing the materials to the place of usage, excluding refundable duties and taxes.

**Work in Progress:**

Work-in-Progress is valued at the contracted rates less profit margin / estimates.

**1.17 Cash and cash equivalent**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and demand deposits with an original maturity of three months or less and highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

**1.18 Segment Reporting:**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. Revenue and expenses directly attributable to segments are reported under each reportable segment. Expenses which are not directly identifiable to each reporting segment are allocated on the basis of associated revenue of the segment and manpower efforts. All other expenses which are not attributable or allocable to segments are disclosed as un allocable expenses. Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment and all other assets and liabilities are disclosed as un allocable. Property, plant and equipment that are used interchangeably among segments are not allocated to reportable segments.

**1.19 Provisions, Contingent Liabilities and Contingent Assets:**

The Group recognises provisions when there is a present obligation as a result of past event and it is probable that there will be an outflow of resources and reliable estimate can be made of the amount of the obligation. A disclosure for Contingent liabilities is made in the notes on accounts when there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources.

Contingent assets are disclosed in the financial statements when flow of economic benefit is probable.

### **1.20 Interest in Joint Operations**

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

When the Group undertakes its activities under joint operations, the Group as a joint operator recognises in relation to its interest in a joint operation:

1. its assets, including its share of any assets held jointly,
2. its liabilities, including its share of any liabilities incurred jointly,
- 3 its revenue from the sale of its share arising from the joint operation,
4. its share of the revenue from the joint operations, and
5. its expenses, including its share of any expenses incurred jointly.

The Group accounts for the assets, liabilities, revenues, and expenses relating to its interest in a joint operation in accordance with the Ind AS applicable to the particular assets, liabilities, revenues, and expenses.

### **1.21 Revenue Recognition**

#### **Revenue from Sale of goods:**

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, value added taxes and amounts collected on behalf of third parties. The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Group and specific criteria have been met for each of the Group's activities. The Group bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Revenue from the sale of power is recognised when an entity sells the power. Revenue from sales is based on the price specified in the power purchase agreements, net of the estimated discounts at the time of sale. Accumulated experience is used to estimate and provide for the discounts. No element of financing is deemed present as the sales are made with a credit term of 30 days, which is consistent with market practice.

#### **Revenue from Rendering of services:**

Revenue from sale of services is recognized as per the terms of the contract with customers based on stage of completion when the outcome of the transactions involving rendering of services can be estimated reliably. Percentage of completion method requires Group to estimate the services performed to date as a proportion of the total services to be performed.

#### **Revenue from Toll & Annuity projects:**

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of duties and taxes and net of discounts, rebates and other similar allowances. The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits would flow to the entity and specific criteria have been met for each of the activities described below. The Group bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of the arrangement.

#### **Revenue from construction contracts:**

Revenue from construction/project related activity and contracts for supply/commissioning of complex plant and equipment is recognised as follows:

1. **Cost plus contracts:** Revenue from cost plus contracts is determined with reference to the recoverable costs incurred during the period and the margin as agreed with the customer.

- 2. Fixed price contracts:** Contract revenue is recognised only to the extent of cost incurred till such time the outcome of the job cannot be ascertained reliably subject to condition that it is probable that such cost will be recoverable. When the outcome of the contract is ascertained reliably, contract revenue is recognised at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed to-date, to the total estimated contract costs.

The estimated outcome of a contract is considered reliable when all the following conditions are satisfied:

- i. the amount of revenue can be measured reliably;
- ii. it is probable that the economic benefits associated with the contract will flow to the Group;
- iii. the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- iv. the costs incurred or to be incurred in respect of the contract can be measured reliably.

Expected loss, if any, on a contract is recognised as expense in the period in which it is foreseen, irrespective of the stage of completion of the contract.

For contracts where progress billing exceeds the aggregate of contract costs incurred to-date and recognised profits (or recognised losses, as the case may be), the surplus is shown as the amount due to customers. Amounts received before the related work is performed are disclosed in the Balance Sheet as a liability towards advance received. Amounts billed for work performed but yet to be paid by the customer are disclosed in the Balance Sheet as trade receivables. The amount of retention money held by the customers is disclosed as part of other current assets and is reclassified as trade receivables when it becomes due for payment.

#### **1.22 Other income:**

**a) Dividend Income:** Dividend income from Investments is recognised when the shareholder's right to receive payment has been established.

**b) Interest Income:** Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

**c) Lease Income:** Lease agreements where the risk and rewards incidental to the ownership of an asset substantially vest with the lessor are recognized as operation leases. Lease rentals are recognized on straight line basis as per the terms of the agreements in the statements of profit and loss.

#### **1.23 Insurance claims**

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

#### **1.24 Claims**

Claims against the Group not acknowledged as debts are disclosed under contingent liabilities. Claims made by the Group are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

#### **1.25 Commitments**

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

- a) Estimated amount of contracts remaining to be executed on capital account and not provided for
- b) Uncalled liability on shares and other investments partly paid
- c) Funding related commitment to subsidiary, associate and joint venture companies and
- d) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.
- e) Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

### 1.26 Foreign exchange translation and foreign currency transactions:

The functional currency and presentation currency of the Group is the Indian rupee.

Foreign currency transactions are accounted at the exchange rates prevailing on the date of transactions. Gains and losses resulting from settlement of such transactions are recognised in the Statement of Profit and Loss.

Monetary assets and liabilities related to foreign currency transactions remaining unsettled at the end of the year are translated at year end rates. The difference in translation of monetary assets and liabilities and realised gains and losses on foreign exchange transactions are recognised in the Statement of Profit and Loss.

The exchange difference on restatement of long term receivables / payables from / to foreign operations that are considered as net investments in such operation are recognised in the statement of profit or loss in the separate financial statements of the reporting entity or the individual financial statements of the foreign operation, as appropriate.

### 1.27 Employee Benefits:

Provident fund is defined Contribution scheme and contributions are charged to profit and loss account of the year when the contributions to the respective funds are due. Other retirement benefits such as Gratuity, leave encashment etc., are recognized on basis of an Actuarial Valuation.

### 1.28 Borrowing Costs:

Borrowing costs include interest expense calculated using the effective interest method and finance charges in respect of assets acquired on finance lease.

Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalisation of such asset are included in the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted. All other borrowing costs are recognised in profit and loss in the period in which they are incurred.

### 1.29 Taxation

Income tax expense represents sum of the tax currently payable and deferred tax

**Current Tax:** Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income tax Act, 1961.

#### Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Group's financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary differences arise from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

#### Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the entity will pay normal income tax. Accordingly, MAT is recognised as an asset when it is highly probable that future economic benefit associated with it will flow to the entity.

### 1.30 Leases:

The Group's leasing arrangements are mainly in respect of operating leases for premises and construction equipment.

These leasing arrangements range from 11 months to 10 years generally and are usually cancellable / renewable by mutual consent on agreed terms. Lease payments under operating leases are recognised as an expense on a straight line basis in the statement of profit and loss over the lease term except where the lease payments are structured to increase in line with expected general inflation.

### 1.31 Fair value measurement

The Group measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received on sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

### 1.32 Earnings per Share:

Basic earnings per equity share are computed by dividing the net profit for the year attributable to the Equity Shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit for the year, adjusted for the effects of dilutive potential equity shares, attributable to the Equity Shareholders by the weighted average number of the equity shares and dilutive potential equity shares outstanding during the year except where the results are anti-dilutive.

### **Chappra-Hajipur Expressways Ltd**

#### **Terms of Repayment of secured term loans:**

Indian Rupee Term Loan consists of Loans borrowed from a consortium of six banks with interest rate of 10.40% as on 31st March, 2017. During the year the rate of interest has been charged ranging from 10.45% to 13.20%. The Applicable Interest Rate shall be subject to RBI policy with regard to Base Rate, as applicable from time to time. The loan is repayable in 19 semiannual unequal installments along with the interest starting from December, 2016.

The first repayment of loan Installment, as per Supplemental common loan agreement, falls due on December 31, 2016. Non-availability of materials and delay in handing over of right of way by NHAI resulted in delay in implementation of the project. As a consequence, scheduled commercial operation date, which was, as per common loan agreement, originally fixed at May 31, 2013, was extended to 31 May, 2016 by lenders.

As per Tripartite Agreement executed by NHAI, SBI & concessionaire on 21/10/2016, the expected PCOD was April 2017. However, due to various reasons the PCOD was not achieved by Dec 2017 and the lender is in process of extending the DCCO. Accordingly the first installment was paid in June, 2018.

**2.45 (i)** In relation to Madhucon Mega Mall Private Limited (MMMPL) a subsidiary of the company incorporated for developing shopping mall cum multiplex on leased land taken from Andhra Pradesh Housing Board (now known as Telangana Housing Board) ("the Board") at Kukatpally in Hyderabad. The Board issued letter for revoking the power of attorney and resumption of land. The Company got a status quo order from court and the case is pending in that court. Taking in to account the constitution of and visit made by cabinet subcommittee of Telangana Government, management internal assessment and legal opinion obtained, management of the company is confident in succeeding the case and financials are prepared on going concern basis.

**(ii)** The outstanding loans and advances which were granted to Nama Investments Limited and NNR Infra Investments Private Limited in which the company's directors have interest are realizable at the carrying values in the books of accounts though both these companies have been incurring losses and accumulated losses exceeded the net worth of these companies for the reasons stated.

According to the books of accounts, the closing balance as at March 31, 2017 with respect to Nama Investments Limited and NNR Investments Limited are Rs.4189.34 Lakhs and Rs.511.59 Lakhs respectively.

**(iii)** "Barasat-Krishnagar Expressways Limited (BKEL), a subsidiary company entered into an agreement with NHAI, for developing road project in West Bengal State. The Construction work is delayed due to pending approvals and rights of way to be provided by NHAI. BKEL had issued notice for termination of the projects to NHAI on 31st December, 2015. BKEL and NHAI entered into a Supplementary Agreement to the 'Concession Agreement dated 20th June, 2011' on 2nd May, 2016 for inclusion of the clause of 'Society for Affordable Redressal of Disputes' (SAROD) Committee for arbitration. NHAI Had also issued notice for termination of the project vide its letter dated 3rd May, 2016 and BKEL had replied that the notice is not valid. Both BKEL and NHAI appointed arbitrators. The arbitration proceedings are in progress". As the borrowings from secured lenders have been declared as Non-performing asset by the lender, interest on related borrowings have not been accounted for.

**(iv)** Rajauli - Bakhtiyarpur Project of the company has been foreclosed with mutual consent, cost incurred on the project up-to 31.03.2017 Rs 81539853 instead of writing-off, has been accounted as claims receivable under the head "other Current Assets".

**(vi)** "Vijayawada-Machilipatnam Expressways Limited (VMEL), which is a subsidiary to the Company, was incorporated under the Companies Act, 1956, on 28th Day of November, 2011 as a Special Purpose Vehicle for undertaking the work of Four Laning of Vijayawada-Machilipatnam Section of NH-9 from Km.0.000 to Km.63.800 in the State of Andhra Pradesh on Design, Build, Finance, Operate, Maintain and Transfer -DBFOT (Toll) Basis, under NHDP Phase III. This

project was awarded by National Highway Authority of India (NHAI). The Company was to hand over the Project Highway to NHAI on the expiry of the Concession Period of 20 years.

As per the Agreement, NHAI failed to hand over 80% land within six months of the Agreement. They have failed to do so, because of which company filed claims. Reacting to that NHAI terminated the Concession Agreement on 29.10.2013 though NHAI failed to issue ROW and further confirmed vide its letter dated 27 th August,2014. Company has preferred a claim on NHAI for an amount of Rs.1610.07 Crores towards expenses incurred and losses suffered on account of obtaining permits, financial costs, agency charges, and consultants fees etc. On this Project by the Company and the EPC Contractor. An Arbitral Tribunal was constituted on 27.01.2017 for adjudicating the Claims. The Arbitral proceedings commenced on 02.03.2017.
